## Languages

Estonian  
English  
German

## Personal info

Age: 39  
Married, two daughters  
Overly enthusiastic dog

## Summary

I am a former military architect, re-profiling my career into **software engineering**. In the summer of 2021 I applied to and got accepted into the **kood/Jõhvi** edu-01 program and I haven't looked back since! What excites me in software engineering is being at the forefront of modern technologies and all the puzzles I get to solve in the process. I also enjoy learning new skills and value skill development opportunities the most in a workplace. I would greatly appreciate an opportunity to work with you and your team and build your business together!

## Skill Highlights

- Fast learner
- Complex problem solver
- Interdisciplinary experience
- Self-reliant
- Innovative
- Leadership skills

## Work Experience

- 2018 – Present: Asymmetric Systems OÜ, military architect and inventor.
- 2017 – 2021: Estonian Centre for Defence Investment, chief architect.
- 2010 – 2017: Estonian Defence Forces, chief architect.
- 2007 – 2010: Osaühing Sirkel&Mall, architect.

## Education

- 2021 – Present: **kood/Jõhvi, Software Engineering.**
- 2003 – 2007: Tallinn College of Engineering, Higher National Diploma, Applied Architecture.

## Certifications

- Programming Languages: **JavaScript, TypeScript, React, HTML5, CSS, SQLite, Go, Rust.**
- Other programs: Autodesk: AutoCad, Revit, Inventor; Photoshop, Illustrator.
- Chartered Architect licence, level 7.
- Active member of Estonian Defence League (Second Lieutenant, EDF Security Officer, Company HQ Command&Control).
- Ready to re-certify for EST / NATO / EU classified info access.
